**CONTENTS *of* THE MARINE REVIEW,
CALENDAR YEAR, 1917**

INDEX TO VOL. XLVII

Contents of Marine Review, Calendar Year, 1917

INDEX TO VOLUME XLVII

Accident hazards in martime work, reasons and remedies for	Nov.	390
Accident, preventing the avoidable	March	105
Accidents, how to avoid, in coastwise shipping	Nov.	388
Accidents on Great Lakes in last half of 1916	Feb.	68
Accidents on Great Lakes in last half of 1916	March	108
Accidents on the Great Lakes in 1916	March	93
African river, history of bark Manga Reva, which was raised from	May	179
Air pump, description of, designed by C. H. Wheeler Mfg. Co.	April	154
American Ship Building Co., six bulk freighters being built by	Feb.	42
American ship yards, vessels built, delivered or launched in, in 1916	Feb.	55
American shipping in foreign trade, doubling of, in two years	Feb.	67
American Venziani Paint Co., review of catalog issued by	April	153
American Ship Building Co., launching of steamer Eugene W. Pargny by	March	108
American vessels, transfer of, from July 1, 1914, to Feb. 28, 1917	May	173
Ammunition ship, building of, at Puget Sound navy yard	March	110
Andrews, Capt. J. H., autobiography of late	July	255
Anyox, launching of steamer	Sept.	323
Arctic, trading through the ice-bound	Aug.	276
Argentine tanker Huergo, description of	July	251
Association of Marine Electricians, organization of	Feb.	73
Atlantic coast ship yards, vessels building in, Jan. 1, 1917	Feb.	57
Atlantic coast ship yards, vessels built, delivered or launched by, in 1916	Feb.	55
Atlantic, Gulf & West Indies Steamship Co.'s steamer Choctaw, launching of	Oct.	379
Austrian and German siezed ships, time set for repairing of	June	210
Austrian interned vessels, purchase of	July	249
Average stay in port of vessels of Pittsburgh Steamship Co.	Feb.	75
Alcott, sale of steamer, to coast interests	Aug.	299
Alien enemies, certificates as able seamen not to be issued to	June	210
Alquist gearing, description of, with discussion of its advantages	Jan.	15
Aluminum Co. of America, refitting of steamer Mohegan for ocean trade by	July	253
American Association of Port Authorities, report of annual meeting of	Oct.	383
American Bureau of Shipping, election of officers at annual meeting of	March	95
American Bureau of Shipping, expansion of	Jan.	18
American Bridge Co., shipbuilding plans of	July	229
American International Corporation, purchase of New York Shipbuilding Co. by	Jan.	26
American merchant marine, huge sums invested for up-building of	Jan.	19
American Screw Propeller Co. as an authority on the screw propeller	Feb.	81
American ship builders, necessity for publicity among	Feb.	43

B

Babcock, W. I.—Obituary	Sept.	315
Baker, Bernard N., resignation of, from shipping board	March	109
Baker Valve Co., description of piston valve and ring piston developed by	Feb.	82
Baldwin, George J.—How to build up our merchant marine	May	169
Balfour, Guthrie & Co., five-master contracted for by	June	198
Baltimore Dry Docks & Shipbuilding Co., extension plans of	July	230
Band saw filing, setting and jointing machine, description of	Nov.	420
Banker, Capt. George H., ten day suspension of license of, declared unjust	Feb.	77
Barge canal, description of New York's new	Dec.	435
Barge canal lighthouses, system of, planned by New York state	April	140
Barge, description of new type of, built by Johnson Ship Yard Corp.	April	149
Barges, reconstruction of old, by Johnson Iron Works	June	218
Barges to revive river traffic, plan to build	Sept.	308
Battle cruisers, awards for five important	May	162
Battleships, awards for four new	May	162
Bayles, James E., & Son, sale of ship yard of	July	230
Bearing metals, description of line of, manufactured by Cleveland Alloys Co.	Jan.	36
Beaumont Shipbuilding & Dry Dock Co., yard plan of the	Sept.	321
Benjamin, organization of firm of Gray &	July	260
Bethlehem Steel Co., description of new ore dock built by Lehigh Valley railroad and	Aug.	295
Beveling, planing and edging machine, description of	July	261
Billings, Frank, rescue of steamer Marshall F. Butters by the	Jan.	29
Board appointed to direct Lake trade, personnel of	Dec.	440
Boiler and boiler plate, amendment of steamboat inspection service rules on manufacture of	Nov.	393
Boiler cleaner, description of, made by Detroit River Iron Works	Nov.	419
Boiler cleaner, description of, made by Detroit River Iron Works	Dec.	461

Boiler plate, raising of sulphur limit in open-hearth steel for	Sept.	313
Boiler-tube cleaner, review of booklet on, issued by William B. Pierce Co.	April	153
Boilers, description of, manufactured by Commercial Boiler Works	Sept.	344
Boilers free from scale, how graphite keeps	April	146
Boilers, revised specifications for United States	Dec.	433
Bradley, Carl D., freighter, being built by American Ship Building Co.	Feb.	42
Bragg, E. M.—How efficient are paddle wheels?	Jan.	31
Brake, description of steel bending, developed by Dreis & Krump Mfg. Co.	July	262
British admiralty, description of two paddle tugs ordered by	Sept.	322
British efforts to retain shipping contracted for in American yards	Nov.	407
British firms place big ship orders in United States	May	181
British registry, scarcity of ships of, on Great Lakes	May	173
British shipping, how, is controlled	April	132
British ship builders, disadvantages under which, are working	Jan.	20
British shipyards, tonnage turned out of, in 1916	Oct.	364
Bruntion system of pumping water into sinking ships, explanation of	Sept.	335
Buffalo grain receipts for 1916	Feb.	75
Bulk freight, how, is handled successfully on the Lakes	Dec.	435
Bulk freight movement on Great Lakes for 21 years, chart showing	Supplement to Feb.	issue
Bulkhead and loadline regulation, report of committee of ship builders and owners on	March	110
Buoy list issued by bureau of lighthouses	Sept.	314
Bureau of Shipping, election of officers at annual meeting of American	March	95
Butters, Marshall F., effect of oil used in rescue of steamer	Jan.	29

BOOK REVIEWS

Design of Marine Engines and Auxiliaries, by Edward M. Bragg	Jan.	3
Handbook of Ship Calculations, Construction and Operation, by Charles H. Hughes	Dec.	446
Johnson's Steam Vessels of the Atlantic Coast	April	139
Navigation, by Harold Jacoby	Dec.	456
Navigation Notes and Examples, by S. F. Card	May	180
Pacific Ports (Frank Waterhouse & Co.)	May	180
Practical Marine Engineering, by Professor W. F. Durand	May	178
Practical Ship Building, by A. Campbell Holms	April	126
Steam Turbines, by William J. Goudie	May	178
Strength of Ships, by Athole J. Murray	April	147
The Naval Constructor, by George Simpson	Feb.	84
War-Ships, by E. L. Attwood	Aug.	299

C

C. H. & E. Mfg. Co., description of portable saw rig manufactured by	June	226
Camouflage, problem of how to, American vessels	Oct.	360
Canada, preparations for big fleet for	May	182
Canada, steam trawlers for Great Britain ordered in	Aug.	290
Canada unable to build steel ships	Sept.	323
Canada, volume of tonnage built in, 1916	Jan.	22
Canadian Pacific Ocean Services, Ltd., boost in passenger rates by	Jan.	22
Canal, description of New York's new barge	Dec.	435
Canadian ships on the Great Lakes, scarcity of	May	173
Canal, opening of Lake Washington	Aug.	277
Canals, utilizing, for freight transportation	July	244
Capps, Rear Admiral W. L., in charge of merchant ship construction	Sept.	306
Capto, freighter, ready to sail	Feb.	52
Carey, J. D.—Handling bulk freight on the lakes	Dec.	434
Carferry, description of new, Joseph R. Parrott	Jan.	2
Cargo pumps, details of individual submerged electrically driven, for steamship La Brea	Jan.	7
Carlin, Anthony—rivet catalog	Sept.	344
Carlisle, Alexander, on wooden shipbuilding	July	248
Carlyle Johnson Machine Co., description of reverse gear manufactured by	Dec.	460
Carolina, wreck of steamer	Feb.	67
Carry, Edward F., appointment of, to chairmanship of labor adjustment board	Oct.	361
Certificates of service as able seamen not to be issued to alien enemies	June	210
Channel, deeper ship, wanted between ocean and New York bay	Jan.	32
Chart showing bulk freight movement on Great Lakes for 21 years	Supplement to Feb.	issue
Chartered steamers, decision in case of, being withdrawn from charterer's service	Sept.	337
Chicago Shipbuilding Co., launching of steamer Choctaw by	Oct.	379
Christopher Columbus, appraisal of approved	Sept.	307
Choctaw, launching of steamer	Oct.	379
Church, J. P. C.—Obituary	March	108
City of Portland, use of semi-diesel engines in auxiliary-powered schooner	Feb.	64
Clark & Whitaker, formation of firm of	Oct.	384
Clark, George H., revives shipbuilding at Kennebunkport, Me.	April	148

INDEX TO VOLUME XLVII—Continued

Cleveland Alloys Co., description of line of bearing metals manufactured by	Jan.	36
Cleveland Trust Co., present standing of crews competing for prize offered by	Sept.	311
Clooney Construction Co., shipbuilding at plant of	June	218
Clothel Co.—system of mechanical refrigeration used by	Aug.	303
Coal, plans for expeditious transportation of ore and	July	245
Coal shipments on Great Lakes for 21 years, chart showing	Supplement to Feb. issue	
Coal shippers, plans of, to facilitate transportation	Sept.	316
Coast and geodetic survey, steamer Surveyor of, placed in service	Sept.	314
Coast Steamship Co.'s steamer Maple, launching of	Nov.	413
Coastwise laws, United States shipping board asks congress for suspension of	Sept.	317
Coastwise Steamship & Barge Co.'s steamer Anyox, launching of	Sept.	323
Coastwise trade, plans for diverting vessels from, to transatlantic	June	210
Coastwise traffic, plan to use lake boats in, during winter	Aug.	272
Cobb, J. O.,—Pure water on interstate carriers	March	100
Collingwood Shipbuilding Co., launching of tanker Reginald	Aug.	292
Collision of steamers Pentecost Mitchell and Saxona	July	230
Collisions, how to prevent	March	105
Colorado, superdreadnaught, placing of contract for electrical equipment for	June	200
Colored gage glasses for marine boilers	Aug.	304
Columbia, description of East Asiatic Co.'s motorship	April	124
Combustibles, admonition for vessels carrying	April	142
Commercial Boiler Works, description of boilers manufactured by	Sept.	344
Concrete pontoons, effect of collision on	Jan.	29
Concrete, possibilities of reinforced, in shipbuilding	Aug.	291
Concrete transports as aid to shipping	Sept.	310
Conscription of labor during war time	Dec.	423
Contract for construction of wooden ships, form of, favored by shipping board	June	192
Contracts for 58 of vessels of 1917 naval building program, list of	Jan.	29
Contracts for 104 ships and hulls awarded by government, list of	July	229
Contracts for ships and hulls awarded by shipping board, list of	Aug.	277
Cook, C. Lee, Mfg. Co., bulletin on piston rod packing issued by	July	260
Cooley, Lyman Edgar—Obituary	March	108
Craig Shipbuilding Co., organization of	July	252
Cramp & Sons Ship & Engine Building Co.—carferry, Joseph R. Parrott constructed by	Jan.	2
Cramp & Sons Ship & Engine Building Co., H. W. Hand, new president of	July	230
Crane, description of shipyard, built by Wellman-Seaver-Morgan Co.	July	261
Creveling, Guy F.—Don't dodge publicity—court it	Feb.	43
Cuba Distilling Co., putting into commission of tanker Mielero of the	April	150
Cullen, Edward F.,—Improve New York harbor	Nov.	412
Cullen Barge Corp., new type of barge built for, description of	April	149
Cunard line, change in New York agent of	May	162
Cunard line places big ship orders in United States	May	181
Cunard Steamship Co., shipbuilding for the	April	148
Cuntz, W. C.,—Obituary	Jan.	32

D

Dangerous articles, admonition for vessels carrying	April	142
Dake Engine Co., description of catalog issued by	Nov.	419
Danish company, results secured by, in operating motorship fleet	April	122
Davidson, A. D., steamer, believed to have foundered	Jan.	17
Davis, M. M., & Son, incorporation of	Dec.	444
Davit winches, description of, manufactured by Eckliff Circulator Co.	Sept.	343
Dayton Pneumatic Tool Co., description of pneumatic hammer made by	Aug.	304
De Bary, Frederick, sale of steamer	Feb.	62
Decisions in maritime law	Jan.	23
Decisions in maritime law	March	114
Decisions in maritime law	May	174
Deck, the value of the watertight	April	134
Delaney Forge & Iron Co., unloading yoke manufactured by, description of	Jan.	32
Denman, William, chairman of shipping board, sees enlargement of shipping program	Aug.	292
Designing ships, science of	Aug.	268
Detroit river, marking of cargo of crushed limestone in	May	165
Detroit River Iron Works, description of boiler cleaner made by	Nov.	419
Detroit River Iron Works, description of boiler cleaner manufactured by	Dec.	461
Diamond Power Specialty Co., bulletin on soot blowers issued by	July	260
Diamond Power Specialty Co.—"Increasing Today's Profits," booklet by	Feb.	81
Diesel engine of tanker, Juno, overhauled	Feb.	64
Diesel engines, use of, in auxiliary-powered schooners	Nov.	419
Direction indicators, wide use of, manufactured by	Nov.	419
Disbrow, W. C., Jr., plans of, for bringing out small windlass outfit	Feb.	84
Disease stamped out on lake vessels	March	99
Discharge book, how his, served a young German-born citizen a good purpose	Dec.	446
Dobbie McInnes, Limited, nautical instruments recommended for modern freight carrying steamer by	Jan.	36
Dock at Port Nelson, on Hudson bay, new	April	147
Dock, description of new ore, built by Bethlehem Steel Co. and Lehigh Valley railroad	Aug.	295

Dollar, Captain, on national shipping policy, at meeting of National Foreign Trades Council	March	107
Dovrejsfeld, schooner converted from liner	May	173
Draftsmen, need of ship, in navy department	May	164
Dravo Doyle Co., description of tower whirler for shipyards built by	Nov.	420
Dreis & Krump Mfg. Co., description of steel bending brake made by	July	262
Drinking water, purifying, on ships	April	128
Dry dock and ship repair plant taken over by Keyport Dry Dock Co.	Feb.	62
Dunn, H. H.—Shipbuilding is revived in south	June	213
Dutch shipbuilding, expansion of	Sept.	323

E

Eagle, Standard Oil steamer, launching of	June	201
Early Lake steamers, description of	April	135
East Asiatic Co., results secured by, in operating motorship fleet	April	122
East Asiatic Co.'s motorship Columbia, description of	April	124
East Asiatic Co.'s motorship fleet, data on operating costs and revenues of	May	175
East Asiatic Co.'s transition from steamers to motorboats	June	219
East Indies trade, plans for diverting vessels from, to transatlantic	June	210
Eckliff Automatic Boiler Circulator Co., wide use of	June	212
Eckliff Circulator Co., description of davit winches and releasing hooks made by	Sept.	343
Economic resources, James A. Farrell on the value of, in winning the war	Nov.	407
Edam, voyage of the, to the Yenesai river district	Aug.	276
Edging, planing and beveling machine, description of	July	261

EDITORIAL

Accuracy, need of, in American industry	Sept.	305
American merchant marine, why the merchant marine of Norway is outdistancing the	Jan.	1
America's answer to the submarine challenge	Dec.	421
Bulk freight on the Great Lakes, how a record was made in transportation of, 1916	Feb.	37
Clark, F. H., resignation of, from United States Shipping Board Emergency Fleet Corp.	July	227
Denman and Goethals quarrel, shipbuilding should take place of	July	227
England's mistakes, how analysis of first years of war will help us to avoid	April	121
Eustis, F. A., resignation of, from United States Shipping Board Emergency Fleet Corp.	July	227
Germany's submarine campaign, has, failed	Aug.	263
Goethals and Denman quarrel, shipbuilding should take place of	July	227
Great Lakes, how a record was made on the, in 1916	Feb.	37
Great Lakes, war problems of the	Oct.	345
Hurley, Edward N., on the shipping board's program for 1918	Dec.	421
King's peg is now too mild a drink	Dec.	421
Lake interests, how, set a record for 1916	Feb.	37
Lake season should open on time	June	189
Lake ships as aid in combating U-boats	Oct.	345
Merchant marine, effect of war on the growth of our	Nov.	385
Merchant marine, why doesn't record breaking shipbuilding increase our	March	85
Merchant marine, why Norway is outdistancing us in building up a	Jan.	1
Norway, why, is outdistancing us in building up a merchant marine	Jan.	1
Militaristic preparedness, our need for quick strides toward	May	155
Navigation should open on time	June	189
Preparedness, need for hasty strides toward military	May	155
Record for 1916, how a, was made on the Great Lakes	Feb.	37
Rivet, problem of making "gun" and, fit	Sept.	305
Shipbuilding industry, training the, to be accurate	Sept.	305
Ship building, sales to foreigners offset gains of record breaking	March	85
Ships not quarrels desired from shipping board	July	227
Submarine campaign, has Germany's, failed?	Aug.	263
Submarine menace, how the, has accelerated ship building	Oct.	345
U-boats, lake boats as aid in combating	Oct.	345
War, how analysis of first years of, will help us to avoid England's mistakes	April	121
War, necessity for America to prepare for a long	May	155
War problems of the Great Lakes	Oct.	345
Edward Valve & Mfg. Co., bulletin issued by	July	260
Elco Co., description of power boats built for England by	April	130
Electrical equipment for superdreadnaughts Colorado and Washington, contracts placed for	June	200
Electricians, report of December meeting of marine, at Lorain	Feb.	73
Emergency Fleet corporation adopts steel standards recommended by steelmakers	Dec.	445
Emergency Fleet Corp., contracts for 40 steel ships let by, to Merchants Shipbuilding Corp.	Oct.	377
Emergency Fleet corporation, engineers appointed to positions on	Dec.	445
Emergency Fleet Corp., lumber for wooden ships ordered by	July	230
Emergency Fleet Corp., 13 lake vessels being sent to coast by	Nov.	386
Emmet, W. I. R.,—New gearing for ship propulsion	Jan.	15
Employer and employee, duties of, in coping with war's demand for ships	Dec.	422
Engineers for merchant marine, plans of shipping board for training	Aug.	294
Engines, description of new types of, built by New London Ship & Engine Co.	March	118
